This Charter is a broad policy statement and is intended to be part of the Committee's flexible governance framework. While the Charter should comply with all applicable laws, regulations and listing requirements and the Company's articles and by-laws, this Charter does not create any legally binding obligations on the Committee, the Board or the Company. The terms of this Charter are not intended to give rise to civil liability

on the part of the Company or its directors or officers to shareholders, security holders, customers, suppliers, competitors, employees or other persons, or to any other liability whatsoever on their part.

The Board may, from time to time, and to the extent permitted by applicable law, permit departures from the terms of this Charter, either prospectively or retrospectively.

8. Oversight Function

It is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate or comply with applicable accounting standards, as applicable, and other applicable requirements. These are the responsibilities of management and the external auditors. The Committee, however, will consider whether these annual financial statements are complete, consistent with information known to the members of the Committee, and reflect appropriate accounting principles.

The role of the Committee is to provide broad oversight of the financial, risk and control related activities of the Company and are specifically not accountable or responsible for the day to day operation or performance of such activities. Although the designation of a member of the Committee as having accounting or related financial expertise for disclosure purposes is based that individual's education and experience, which that individual will bring to bear in carrying out his or her duties on the Committee, such designation does not impose on such person any duties, obligations or liability that are greater than the duties, obligations and liability imposed on such person as a member of the Committee and Board in the absence of such designation. Rather, the role of a member of the Committee who is identified as having accounting or related financial expertise, like the role of all members of the Committee, is to oversee the process, not to certify or guarantee the internal or external audit of the Company's financial information or public disclosure.
